Scholarship Committee Report

This year has been a great year for the scholarship committee. We obtained money for two new scholarships. This means that in the year 2005 we will have two additional scholarships to offer the membership.

LexisNexis made a donation of \$750.00 for a TACA scholarship that they have pledged for three years. The El Paso Association for Court Administration (EPACA) has also pledged a one-time donation of \$300.00, and we are challenging the other associations across Texas to do the same.

A representative from LexisNexis and Valerie Olivas, EPACA President, and Gracie Herrera, Scholarship chair for both EPACA and TACA will make an official presentation at the conference, please take the time to thank them for their hard work and generosity.

The committee has been working hard sending emails to members in an effort to encourage more members to apply for available scholarships. We have also been brainstorming on ways to obtain more donations for additional scholarships for future conferences.

Fantastic job scholarship committee and thanks!!!
