

Education Committee Report

Here we are again with another exciting, educational, networking, informative, but FUN conference! Trying to top last year's conference was a very hard job for us, but we could not let you down. We have an incredible program this year with everyone's favorite speakers and a few new faces to spice things up. This week you will have an opportunity to renew old friendships, while making new ones as well. The Riverwalk will give everyone a well-deserved break after a day of great instruction.

As the co-chairs of the education committee, we have worked diligently with the Board of Directors and the Education Committee members who volunteered their time and effort to obtain an array of topics, speakers and activities for this conference. We want to thank all of the members of the education committee who took time out of their busy schedules to provide us with much needed assistance for the conference. We have members of the committee who were very willing to get door prizes for the participants and also accepted tasks to help facilitate the development of this great conference. Working as a team always helps to accomplish more!

We encourage you to sign up for a committee this year, and help to bring into fruition one of the best conferences held each year.

We appreciate all the volunteer participation we received in the education committee this year. Such welcomed support helped to make our term as co-chairs both a pleasurable and rewarding experience.
