

1991 Conference Exhibitors

ATEK INFORMATION SERVICES, INC.

550 Congressional Boulevard, Suite 260
Carmel, Indiana 46032
(317) 575-7300

Contact: *Curtis L. DeClue*

ATEK Information Services, Inc., is an information management company with 25 years of experience in providing technology based solutions to state and local governments. The Working Retrieval Information Tracking System (WRITS) is a comprehensive management information system which saves time and cuts administrative costs by automating the daily activities of courts and related offices: maintains complete data on each case, maintains an up-to-date docket, schedules court appearances, tracks conflicts, maintains calendars, creates and generates forms and documents, manages financial activities, produces activity reports, provides integrated word processing, manages the jury process.

AUTOMATED GOVERNMENT SYSTEM, INC.

P.O. Box 1110
Rancho Murieta, California 95683
(916) 354-2343

Contact: *Walt Hatherly, Vice-President*

Automated Government Systems, Inc., (AGS) will be demonstrating case management for upper and lower courts, jury management for all trial courts, and document imaging as an integral part of case management. AGS has installed 28 complete computer systems to date. Hardware ranges in size from personal computer networks to large systems that can handle over 4,000 terminals or printers. Several systems have modem access for remote on-line access.

ASSOCIATION OF ATTORNEY MEDIATORS, INC.

5215 North O'Connor Boulevard, Suite 1795
Irving, Texas 75039
(214) 869-2300

Contact: *Mike Amis, President*
(214) 960-0667

Association of Attorney Mediators is a non-profit trade association. Its members are qualified, independent attorney mediators offering mediation services throughout Texas and other states. They are united by a common commitment: to achieve the prompt, fair and cost-effective resolution of disputes through voluntary and court-annexed mediation. Contact Rhonda Luckett, Administrative Secretary, at (214) 701-7040 for rosters or other literature.

B.E.I. COMMUNICATION, INC.

9441 West Sam Houston Parkway South
Houston, Texas 77099
(713) 272-9155

Contact: *David Iffergan, President*
Larry Feld, Sales

B.E.I. Communication, Inc., is the leader in the design and installation of video arraignment systems. Representing Datapoint's Minx Video Conferencing system, B.E.I. Communication, Inc., is a sustaining member of the International Television Association.

INSLAW, INC.

1125-15th Street, N.W.
Washington, D.C. 20005
(202) 828-8600

Contact: *Sheila Flynn*

INSLAW, Inc., has been the leading provider of Public Justice Information Management Systems since 1973. Among the justice related computer software applications that INSLAW provides is DOCKETRAC. DOCKETRAC is an on-line case tracking and workflow management system that supports the operations of courts of limited, general and appellate jurisdiction. Civil and criminal cases and other legal matters can either be tracked separately or combined into one database. With DOCKETRAC, court management has immediate, on-line access to the information they need to manage court operations effectively. DOCKETRAC's functions include case tracking, calendaring, docketing, collections, notice generation, on-line searching, ad hoc reporting and records management.

JALAN, INC.

South 140 Arthur, Suite 400
Spokane, Washington 99202
(509) 535-2244

Contact: *Frank C. Paladin, Senior Marketing Representative*

JALAN will provide information on THE COURT SYSTEM, a dynamic new software package for the IBM AS/400. Nineteen years of experience with state and local governments have contributed to the development of this efficient, simple-to-use and cost-effective software system. THE COURT SYSTEM provides access to critical information and facilitates immediate information as it becomes available. You save time, while increasing the efficiency of collections and telephone response by as much as 30 to 60 percent! It is simple to use.

Exhibitors

JEFFERSON AUDIO VIDEO SYSTEMS, INC.

13020 Middletown Industrial Boulevard
Louisville, Kentucky 40223
(502) 244-8788

Contact: *Robert Green, Video Court Sales Manager*

The JAVS Automatic Court Documentation System is used as the record of the court in over 140 systems located in 16 states. The JAVS system is the tried and proven leader of recording court proceedings each day. The system features ease of operation, requiring no additional court staff. It can accommodate A/V transmission from the judge's chamber, private hearings from the chamber, and teleconferencing. Other features of the system are a video transcription system, a twice-playback unit with real-time search, and the JAVS Auto-Log System, which features single keystroke logging for clarity and ease in making the official log of court procedures.

NATIONAL CENTER FOR STATE COURTS

1110 North Glebe Road, Suite 1090
Arlington, Virginia 22201
(703) 841-0200

Contact: *William H. Brousseau, National Project Director*
Clifton Grandy, Senior Staff Attorney

In 1988, as part of the Anti-Drug Abuse Act (ADAA), Congress empowered federal and state court judges to deny all, or selected federal benefits, when sentencing a person convicted of drug offenses. A program has now been established in the Department of Justice to implement the denial of federal benefits provision. The National Center for State Courts has been contracted to inform state courts as well as assist in the implementation of any denial program.

PROFESSIONAL COMPUTER SOFTWARE SERVICES, INC.

909 Wesley Court, Suite C
Spartanburg, South Carolina 29303
(803) 578-1038
Contact: Tracy or Gary Ownbey

PCSS has been designing, developing and improving judicial software since March 1984. Our software packages are designed with you, the user, in mind. We use simple and consistent formats for entering and accessing information. On-line help screens are provided throughout the programs to allow the user quick access to options available and guidance through operating instructions. PCSS provides software documentation, customization, training and on-going support. This understanding and provision of the basic needs has allowed PCSS to also provide access to the newest technologies, such as scanning, imaging and voice functions. As an IBM Business Partner, not only do our customers benefit from PCSS's judicially oriented staff, but also from the experience of the leader in the computer industry.

THE SOFTWARE GROUP

860 Avenue F, Suite 102
Plano, Texas 75074
(214) 424-1579
Contact: Robert D. Brown, Sales Manager

Since 1981, The Software Group, Inc., has dedicated hard work, top-quality products and conscientious services to customers in county government. The history of TSG is one of successful, positive response to change. By focusing software applications on the automation needs of county government, and building a strong product base that is dedicated to that market, TSG has experienced remarkable growth during this decade. Today, TSG offers customers integrated software solutions in Appraisal and TAX, Financial and Judicial/Law Enforcement areas. In addition, TSG offers a "total solution" on a number of computer platforms. Services include training and on-going support to ensure customers' automation success. As TSG looks forward to the next 10 years, caring and concern for customers' satisfaction remains the number one priority for this company.

STENOGRAPH/BARON DATA

1500 Bishop Court
Mt. Prospect, Illinois 60056
(708) 803-1400
*Contact: Lawrence Price
(817) 784-1305*

For 54 years, Stenograph has provided equipment for court reporters in 18 countries worldwide. All reporter writing machines are made by Stenograph. Acclaimed as the "one-stop-shop," Stenograph provides Computer Aided Translation Systems (CAT), Computer Integrated Courtrooms (CIC) and all supplies. Stenograph's newest product (Video ZX) brings both live transcription and video/audio to a perfect marriage in the courtroom.

U.S. ARBITRATION AND MEDIATION

12700 Park Central Drive, Suite 1705
Dallas, Texas 75251
(214) 490-6394
*Contact: Dee Johnson, Executive Director
Randall Pulitzer, Director of Mediation
Twyla Doffing, ADR Consultant
Sandy Saho, ADR Consultant*

U.S. Arbitration and Mediation is a nationwide network of independent local offices, each owned and operated by attorneys providing alternative dispute resolution services. Panels of neutrals have been established in each locality. USAM offices serve as impartial administrators and not advocates for any side of disputes, following established rules and procedures. Fair and uniform treatment for all sides is never compromised. Our reputation for impartiality is our greatest asset.

SIEMENS NIXDORF COMPUTER CORPORATION

7929 Brookriver Drive, Suite 180
Dallas, Texas 75247
(214) 630-3343
*Contact: Preston Starr, Account Manager
Bob Jordan, Regional Manager*

Siemens Nixdorf is a leading supplier of information processing solutions for local, county and state governments. We offer a wide range of models and options to match the size of your office and volume of your recording operation. Siemens Nixdorf will tailor design a criminal, civil, traffic, family or jury system according to your needs. The Nixdorf Local Government Management Solutions are function-oriented, menu-driven, user-friendly, comprehensive systems designed to bolster productivity and increase money flow. They provide cost-effective solutions for all type of courts.

THE SONY CORPORATION OF AMERICA
